**Subject:** Example HRS Documentation Records

Hi Victor,

CSC mentioned, on Wednesday, that it would provide an example HRS documentation record of a package with grouping of sites together with appendices containing a scoresheet for each site and example HRS documentation records with the other possible sources presented in a table format.

The Raritan Bay Slag HRS Documentation Record is attached as an example of grouping sites together with appendices containing scoresheets for each site.

The Jackpile-Paguate Uranium Mine and ACM Smelter and Refinery HRS Documentation Records are attached as examples of other possible sources presented in a table format with key information.

Thanks,  
Hanna
